

DOON INTERNATIONAL SCHOOL[®]

"School comes from the Greek word for leisure-leisure in which to learn, a place where students and teachers can flower, a place where a future generation can be prepared, because schools are meant for that, not just merely to turn out human beings as mechanical, technological instruments; but also flower as human beings, without fear, without confusion, with great integrity.

"J. Krishnamurti

PROSPECTUS
2025-26

MISSION STATEMENT

Doon International School is committed to the cause of quality education where faculty, staff and administration, in partnership with the parents, students and community are committed to providing a safe and disciplined learning environment that promotes the academic, intellectual, personal and social development of our children. We aim to develop our children into capable, responsible, caring and ethical world citizens.

DIS JABALPUR

OUR VISION

Our vision is to provide a happy, caring and stimulating learning environment where children will recognize and achieve their fullest potential so that they can make their best contribution to the society.

- A set of moral values- Honesty, Integrity and Good Judgement.
- A complement of basic skills- Linguistic, Mathematical, Scientific, Artistic, Physical and Social.
- An inquiring and discriminating mind and a desire for knowledge.
- Strong self-esteem and high personal expectation.
- Tolerance and respect for others.

We value the partnership that exists between the school, parents, the community and the part each plays in realizing this vision.

OUR CORE VALUES

HONESTY

INTEGRITY

QUALITY

ACCOUNTABILITY

**SOCIAL
RESPONSIBILITY**

THE SCHOOL PHILOSOPHY

Doon International School aims primarily at the education of young children without distinction of caste and creed through the play way and other modern methods of imparting education, in order to eradicate from their minds the fear of going to school or sitting for examinations.

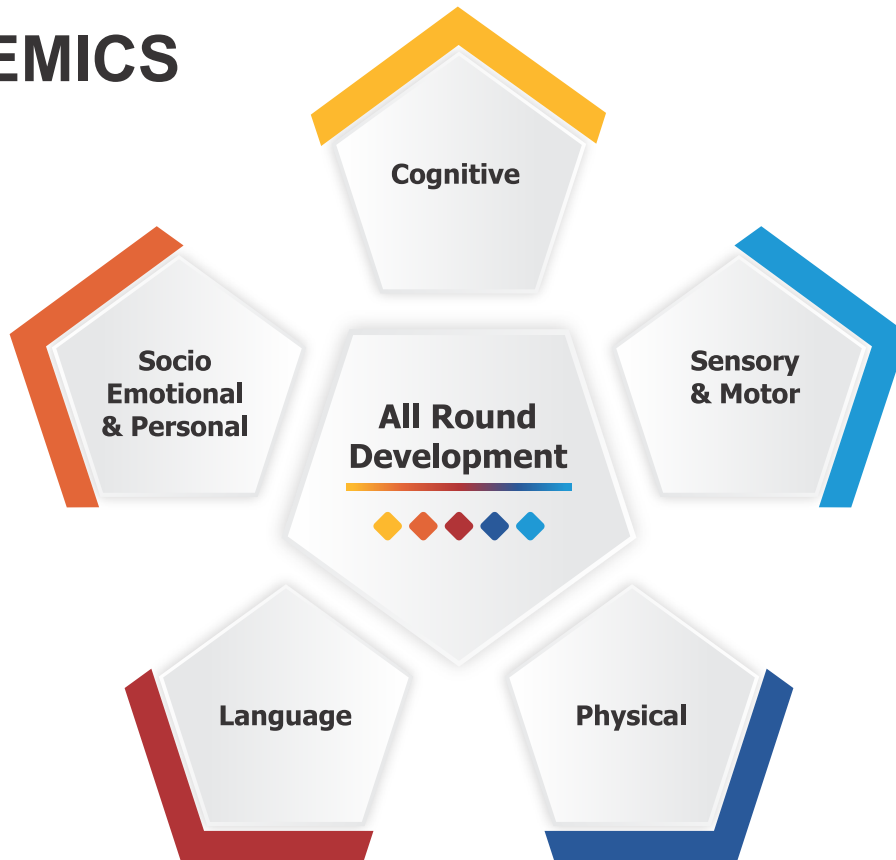

The course of studies is international in its scope and ambit, and includes varied subjects like English, Mathematics, Social Studies (History, Geography, Civics), Sciences (Physics, Chemistry, Biology), Environmental Studies, Information Technology, Languages (Hindi, Sanskrit, French, Urdu, Punjabi), Economics, Business Studies, Accountancy, Political Science, Psychology, Home Science, Value Education, General Knowledge, Art & Craft, Music & Dance, Physical Education etc.

The School is run by a registered, educational society consisting of committed educationists and social workers of long standing and high repute. There is a general atmosphere of involvement, dedication and solicitude in all spheres. The school philosophy encourages the students to become global citizens.

The highly qualified and trained staff not only implement the curriculum but also generate an enthusiasm for learning and a questioning critical disposition.

ACADEMICS

COGNITIVE DEVELOPMENT

Doon International School has a broad based curriculum which anticipates the increasing range of opportunities for the bright future of the children. We nurture children to become responsible adults and outstanding leaders who will make useful contributions to the society.

PHYSICAL DEVELOPMENT

A little physical activity on a regular basis helps improve immunity and builds agility and flexibility in the body. Moreover, as you know, a healthy mind stays in a healthy body. If the physical health remains in good condition, the level of concentration, confidence, and determination also go up naturally. This, in turn, helps the children to perform better in various spheres of life.

SOCIAL DEVELOPMENT

Children having the ability to interact readily with people are said to have better social skills than those who shy away from unknown faces. The more one feels comfortable in unfamiliar ambiance, the better are his/her chances to grow into a confident individual, capable of coping up well in any work environment. Hence, developing social skills at an early age can lay a strong foundation for a better future ahead.

COMMUNICATION

Whether a child aspires to become a teacher or a manager, strong communication abilities is a criterion that helps to keep one ahead in every run of life. Hence, mastering the art to communicate effectively becomes a bare essential when it comes to the all-round development of children.

FOCUS ON DEVELOPING 21ST CENTURY LIFE SKILLS

The school recognizes that in a world where change is the only constant, students need to be equipped with a set of skills that are relevant and central to the holistic development of learners. Hence the school curriculum is designed to develop the social, personal, intellectual, emotional and physical growth of children.

21st century skills are aimed at guiding and preparing learners for life and its possibilities, including equipping learners with a meaningful and successful living in a rapidly changing and transforming society. These skills include-

LEARNING SKILLS

- Critical Thinking
- Creative Thinking
- Collaborating
- Communicating

LITERACY SKILLS

- Information Literacy
- Media Literacy
- Technological Literacy

LIFE SKILLS

- Flexibility
- Initiative

SOCIAL SKILLS

- Productivity
- Leadership

AI ROBOTICS LAB

A PORTAL TO THE NEW ERA

Why

STEAM ?

- Nurture future problem solvers.
- Unlock logical and creative mindset from young age.
- Develop innovation culture among young students across the globe.

Why

Experiential Learning ?

- Engaging and reflecting on the experience
- Trying out and testing new skills and abilities
- Gaining knowledge from the experience

Why

Design Thinking Approach?

- Teaches students to question.
- Makes students open minded and flexible.
- Students can give effective reasoning for each problem.

FORBES

- 130 Mn jobs will be created in AI itself by 2025.

WORLD ECONOMIC FORUM

- By 2030, 65% of children entering primary schools today will ultimately end up working in completely new jobs that don't yet exist.

Careers of the future will not just be limited to those with a specific set of skills or knowledge, they will also involve creativity and critical thinking.

OUR METHODOLOGIES

CIC (Consumer Innovator Creator) Methodology and Design Thinking Approach serve as the foundational framework of all our STEMROBO programs and curriculums.

The proprietary CIC Methodology is meticulously designed to guide students through a progressive journey, commencing as consumers and advancing into innovators and ultimately creators. Students embark on their journey by engaging as consumers, working with various DIY Kits and coding platforms to perform activities crafted around real-world scenarios. This Activity-based Learning (ABL) assist students in ideation and growth as innovators, encouraging them to think outside the box. Ultimately, students transform into creators, gaining the capability to innovate and drive change in the world by addressing real-life problems aligned with UNSDGs through Project-based Learning (PBL).

HOSTEL

1. Our hostel offers air-conditioned rooms that can accommodate six students each, featuring modern amenities such as RO water, a leisure room, and plenty of storage space.
2. A balcony overlooking the lush green hill, providing a serene and resort-like ambiance for students.
3. The 5-times meal program for boarders, carefully designed by a nutritionist, ensures that each child receives all the essential macro and micro nutrients for physical and mental growth.
4. With solar streetlights illuminating the entire campus, along with 24/7 power backup and security personnel, we guarantee the complete safety of our boarders.

AUDITORIUM

A magnificent 10,000 sq. ft. hall designed for seminars, annual functions, and other events. The auditorium also features three wooden-floored badminton courts and proudly houses Central India's only school having two squash court.

MEALS & MESS

'Back to School' means 'Back to School for nutritious and healthy meal' for our students for a better and healthy growth.

At Doon International School we provide meals that not just delicious but also nutritious. With our Diet chart specially curated by Nutritionists we ensure that our Students get all the macro and micro nutrients for an overall development of body and mind.

We follow FSSAI guidelines and hold EAT Right certifications at most of our sites. Our chefs, dieticians, and nutritionists meticulously plan and prepare meals with the finest seasonal ingredients to ensure you enjoy meals that are both delicious and healthy.
